

"...it's an absolute pleasure to know there are still chemical suppliers who value their customers enough to work day in and day out to earn their customer's complete trust."

*Steve Leonetti*  
Vice President  
IMC

## Better results. Less Chemistry.™

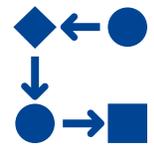

### Reduce costs

Less chemistry, less rework and less downtime help you cut costs by 35% or more.

### Reduce Chemical Consumption

Stop dumping cleaner. Reclaim up to 98% of it.

### Reduce Complexity

With products that allow you to clean, deoxidize and brighten in 1-step.

### Surface Cleaning Chemistry

We're the only US distributor who provides an unbiased recommendation for cleaning processes - aqueous or solvent.

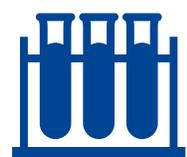

### Metal Finishing Chemistry

We specialize in the tricky and temperamental. Do you want color? Do you hate corrosion? 170+ years of expertise you can trust.

### Wastewater Treatment

We've saved a manufacturer \$250,000 by reducing sludge by 37%. Got a wastewater challenge? We'll be tank side to help.

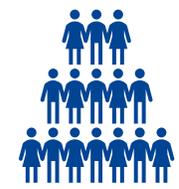

### Chemistry You Can Trust

Over 3556 industrial, high purity and specialty chemical SKUs for manufacturing. Lot controlled, FIFO and specialized storage for 99.92% product quality.

### Fortune 100 OEMs to Boutique Metal Finishers

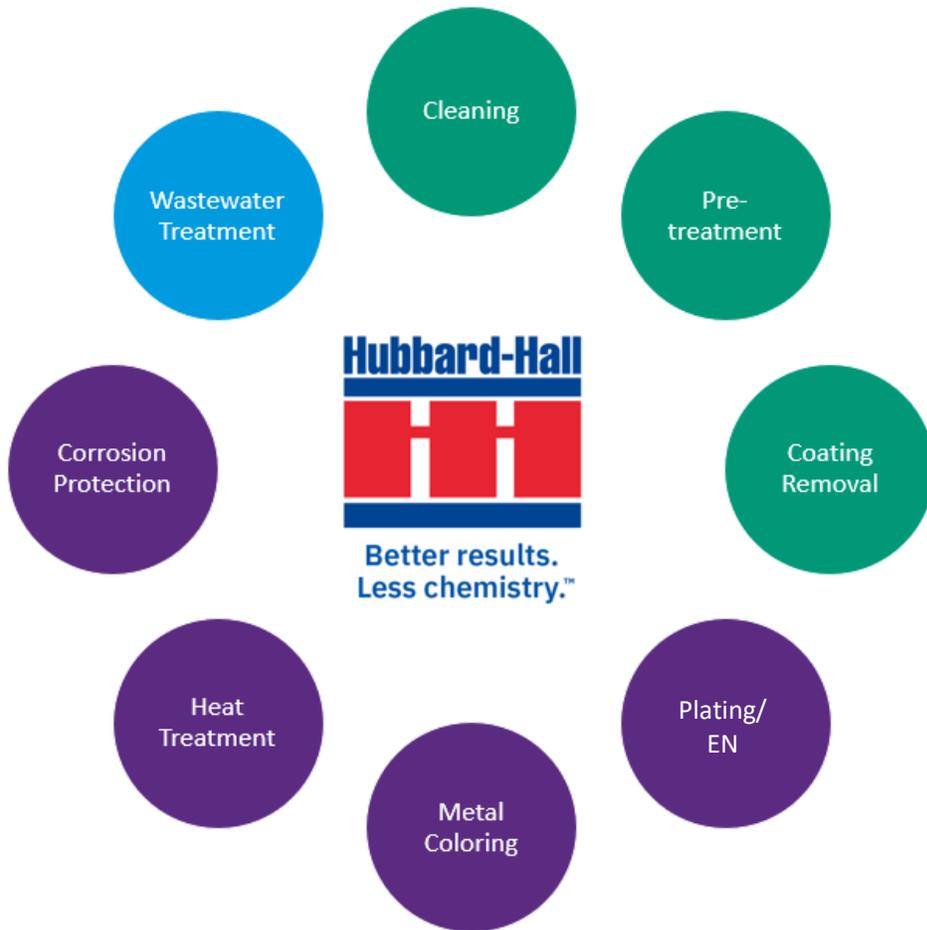

Call on us for chemistry – from airplanes to automobiles, car parts to connectors and fasteners to faucets.

### Top Place to Work in CT

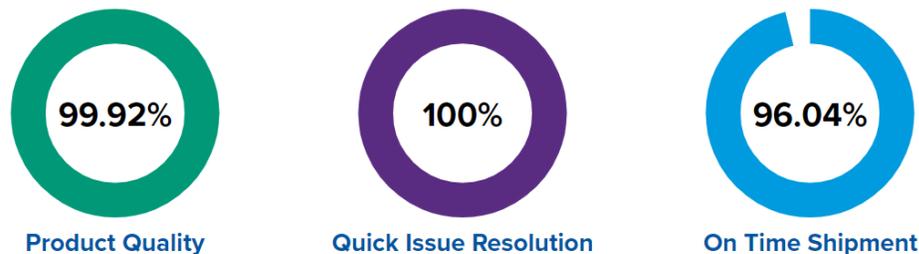

For 7 years (and counting) we have received this distinction. Partner with us to find out why our people are so great!

We solve the problems  
others have walked away from.

We are really fun to work with & good at what we do...

### 2022 Performance Metrics

Our History –  
Growing. Prospering. Evolving.

Founded in 1849 as  
Apothecaries Hall

Imagine all that has happened since... economic booms and busts, world wars, lunar landings, rock & roll, a pandemic and incredible advances in manufacturing!

Today, Hubbard-Hall is  
the digital leader in  
metal finishing.

Customers can connect with us via our eCommerce site, customer portal and chat. Want to learn from our experts? Scan the QR code to tune into our podcast: **Seen & Solved.**

Chemistry & Expertise for  
Manufacturing's Toughest Problems.
